Uses

Relieves and protects the eyes from allergies to pollen, dust and similar irritants. Contains liposomes which form a thin protective film to provide barrier protection.

Format and Ingredients

Eye mist containing:

Phospholipidic Complex, Extract of capparispinosa, helichrysum italicum, euphrasia officinalis, glycyrrhiza glabra,

Dosage

Spray onto closed eyelids only. Hold the bottle 10cm from the eyes, spray 1-2 times on each closed eye, blinking occasionally for best results. May be used 3-4 times a day.
