MD, MD

To cleanse and soothe tired uncomfortable eyes.

Eye wash

Adults and children: rinse the eye bath with product before use. Fill the eye wash until a third full, bend head slightly forward, holding eye bath by its base, place eye bath over the eye, slowly raise the head, opening the eye so the eye wash flows freely over it. Gently rock head from side to side for at least 30 seconds, discard any eye wash left in the eye bath. Repeat steps for the other eye.
